

IMPORTANT SAFETY RECALL REMINDER

July 1, 2016

Dear Suzuki Owner:

Suzuki Motor Corporation has decided that a defect which relates to motor vehicle safety exists in certain 2013 and 2015 model year SFV650 motorcycles. Our records indicate that you are the registered owner of an affected vehicle that has not yet been repaired.

What is the problem?

During assembly, Fuel Tank Breather Hose No. 1 may not have been positioned properly under the fuel tank and the hose may be kinked. If the hose is kinked, airflow through the hose is restricted and the internal pressure of the tank can become abnormally high or low causing the tank to deform and possibly crack. If the fuel tank develops a crack, a fuel leak can occur, increasing the risk of a fire.

What is Suzuki Motor of America, Inc. doing to solve the problem?

We first notified customers by mail in October 2015 and we continue to reach out to all customers who own affected vehicles. Parts are in stock, and our dealer network is ready to make the necessary repairs, **FREE OF CHARGE** to you.

What you should do:

Make sure you are prepared for the recall service by taking the following steps:

- Before taking your motorcycle to your dealer, contact them as soon as possible to make an appointment for the recall service
- Be sure to provide your dealer with your motorcycle's VIN so they can order the necessary parts for the repair
- Please take this letter to your dealer to help them process your claim

Your motorcycle may be affected by more than one recall or service campaign.

There are three ways to find out:

- Visit Suzuki's website at www.suzukicycles.com/recalls and enter your VIN
- Visit the National Highway Traffic Safety Administration's website at www.safercar.gov and enter your year, make and model information
- Ask your dealer when you call to schedule an appointment for repairs. Just provide them with the VIN from the front of this card.

We apologize for any inconvenience this recall campaign causes you. We hope you understand that your safety and satisfaction are important priorities for us.

Sincerely,

Suzuki Motor of America, Inc.
