February 2, 2016

Mr. Joshua Chard  
Director, Corporate and Product Safety  
Altec Industries Inc.  
210 Inverness Center Drive  
Birmingham, AL 35242

NVS-215MR  
16V-023

**Subject:** Unexpected Aerial Device Movement

Dear Mr. Chard:

This letter serves to acknowledge Altec Industries Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

ALTEC/AH100/2010-2015  
ALTEC/AH75/2010-2015  
ALTEC/AH85/2010-2015

**Mfr's Report Date:** January 18, 2016

**NHTSA Campaign Number:** 16V-023

**Components:**

ELECTRICAL SYSTEM

**Potential Number of Units Affected:** 195

**Problem Description:**

Altec Industries (Altec) is recalling certain model year 2010-2015 AH75, AH85, and AH100 Aerial Devices manufactured January 10, 2008, to December 31, 2015. The affected units have a hydraulic pressure control valve that may allow the aerial device to move even when not told to do so.

**Consequence:**

An aerial device that moves unexpectedly increases the risk of injury to the operator.

**Remedy:**

Altec will notify owners, and dealers will replace the hydraulic pressure control valves, free of charge. The recall is expected to begin February 8, 2016. Owners may contact Altec customer service at 1-205-991-7733.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

The information in your report suggests that Altec may have been aware of this issue more than five business days before filing a report with NHTSA. Please be reminded that under Federal law, this agency is to be notified of all safety defect and/or noncompliance decisions within five business days. 49 CFR 573.6

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at 202-366-1060, or by email at michelle.rice@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian  
Chief, Recall Management Division  
Office of Defects Investigations
