Subject: Battery Cable May Overheat and Cause a Fire

Dear Ms. Hancock:

This letter serves to acknowledge Blue Bird Body Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

BLUE BIRD/VISION/2009

Mfr's Report Date: February 18, 2016

NHTSA Campaign Number: 16V-101

Components:

ELECTRICAL SYSTEM:BATTERY:CABLES
ELECTRICAL SYSTEM:STARTER ASSEMBLY
ELECTRICAL SYSTEM:WIRING

Potential Number of Units Affected: 2

Problem Description:

Blue Bird Body Company (Blue Bird) is recalling certain model year 2009 Vision transit buses manufactured from November 27, 2007, through February 18, 2008, and equipped with Caterpillar C707 engines. In the affected buses, the positive starter cable may be incorrectly attached to the same Power Distribution Unit (PDU) stud as the battery cable, exposing the smaller battery cable to a higher current draw during cranking.

Consequence:

Exposure to high current draw may cause the battery cable to overheat, melt the wire insulation and increase the risk of a short circuit and a fire.

Remedy:

Blue Bird will notify owners, and dealers will relocate the starter cable to the chassis power stud. Any damaged battery cables will be replaced. These repairs will be made free of charge. The recall is expected to begin on March 17, 2016. Owners may contact Blue Bird customer service at 1-478-822-2242. Blue Bird's recall number for this campaign is R16YL-NSB.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Blue Bird's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer Timian". The signature is fluid and cursive, with a large initial "J" and a long horizontal stroke at the end.
