**NHTSA Campaign Number:** 16V-176

**Components:**

STRUCTURE:BODY:DOOR/WINDOW:EMERGENCY EXIT

**Potential Number of Units Affected:** 133

**Problem Description:**

Forest River, Inc. (Forest River) is recalling certain model year 2015-2017 Georgetown recreational vehicles, model GTA369XLF, manufactured from December 8, 2014, through March 22, 2016. A vented window was installed in the rear wall of the vehicle instead of a secondary egress window.

Forest River will notify owners, and dealers will remove the vented window and install an egress window, free of charge. The recall is expected to begin on, or about, May 27, 2016. Owners may contact Forest River customer service at 1-574-206-7600. Forest River's number for this recall is 15-03232016-0151.

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.
