Subject: Starter Motor Wire Harness may Short

Dear Ms. Underwood:

This letter serves to acknowledge Nissan North America, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

NISSAN/FRONTIER/2016

Mfr's Report Date: March 29, 2016

NHTSA Campaign Number: 16V-181

Components:

ELECTRICAL SYSTEM:STARTER ASSEMBLY
ELECTRICAL SYSTEM:WIRING:FRONT UNDERHOOD

Potential Number of Units Affected: 1,554

Problem Description:

Nissan North America, Inc. (Nissan) is recalling certain 2016 Frontier V6 vehicles manufactured February 29, 2016, to March 7, 2016. The starter motor wire harness may have been installed in an incorrect position, allowing the starter harness terminal to contact the heat shield and result in an electrical short.

Consequence:

An electrical short increases the risk of a fire.

Remedy:

Nissan will notify owners, and dealers will inspect and reposition the starter wire harness, as necessary, free of charge. The recall is expected to begin April 2016. Owners may contact Nissan customer service at 1-800-647-7261.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Nissan's proposed owner notification letter and have approved its distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Sarah Mcshane who may be reached by phone at 202-366-7401, or by email at sarah.mcshane@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
