FREIGHTLINER/BUSINESS CLASS M2/2010-2017  
FREIGHTLINER/COLUMBIA/2010-2017

**Mfr's Report Date:** April 8, 2016

**NHTSA Campaign Number:** 16V-206

**Components:**

SERVICE BRAKES, AIR:DISC:CALIPER

**Potential Number of Units Affected:** 702

**Problem Description:**

Daimler Trucks North America LLC (DTNA) is recalling certain model year 2010-2017 Freightliner M2 Business Class, 108SD, 114SD, and Columbia trucks manufactured from January 6, 2010, through February 29, 2016, equipped with certain Bendix rear disk brakes and spring suspensions. The rear disk brake caliper may have been installed incorrectly, thus allowing the caliper to contact the suspension.

**Consequence:**

Caliper contact with the spring suspension may reduce the braking effectiveness, increasing the risk of a crash.

**Remedy:**

DTNA will notify owners, and dealers will correct the orientation of the rear brake calipers, as necessary, free of charge. The recall is expected to begin June 7, 2016. Owners may contact DTNA customer service at 1-800-745-8000. DTNA's recall number for this campaign is FL-705.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
