FCCC/XCL/2014-2015
FCCC/XCM/2014-2015
FCCC/XCR/2014-2015
FCCC/XCS/2014-2015

Mfr's Report Date: April 8, 2016

NHTSA Campaign Number: 16V-208

Components:

POWER TRAIN:AXLE ASSEMBLY

Potential Number of Units Affected: 822

Problem Description:

Daimler Trucks North America LLC (DTNA) is recalling certain model year 2014-2015 FCCC XBS, XCL, XCS, XCR and XCM motorhome chassis manufactured from March 10, 2015, through January 14, 2016 and equipped with Detroit front axles. The front sway bar mounting brackets may not fit properly on the axle causing the mounting bolts to bend or loosen.

Consequence:

If the sway bar bolts loosen, the sway bar may detach from the axle, affecting the handling and increasing the risk of a crash.

Remedy:

DTNA will notify owners, and dealers will modify the mounting of the sway bar, free of charge. The recall is expected to begin June 7, 2016. Owners may contact DTNA customer service at 1-800-745-8000. DTNA's number for this recall is FL-707.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

A handwritten signature in black ink, appearing to read "Jennifer Timian". The signature is fluid and cursive, with the first name being the most prominent.
