**Subject:** Framework may cause Tire Interference

Dear Mr. Biazio:

This letter serves to acknowledge REV Recreation Group's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

HOLIDAY RAMBLER/ENDEAVOR/2016-2017  
HOLIDAY RAMBLER/ENDEAVOR XE/2016-2017

**Mfr's Report Date:** May 4, 2016

**NHTSA Campaign Number:** 16V-278

**Components:**

STRUCTURE:FRAME AND MEMBERS  
TIRES

**Potential Number of Units Affected:** 49

**Problem Description:**

REV Recreation Group (REV) is recalling certain model year 2016-2017 Holiday Rambler Endeavor motor homes, models 40DP, 40G, 40E, 40G and 40X, manufactured November 23, 2015, to April 7, 2016, and Holiday Rambler Endeavor XE motor homes, model 37PE, manufactured November 17, 2015, to April 6, 2016. The affected vehicles have a section of framework that may rub, or cause the mud flap to rub, against the front passenger-side tire, resulting in excessive tire wear. Additionally, steering may be restricted.

**Consequence:**

Excessive tire wear may result in tire failure. Restricted steering can affect control of the vehicle. Either condition increases the risk of a crash.

**Remedy:**

REV will notify owners, and dealers will inspect the tube steel skirt framing and remove the diagonal section if present, and install additional screws to secure the mud flap. This repair will be done free of charge. The recall is expected to begin in early June 2016. Owners may contact REV customer service at 1-800-509-3417. REV's number for this recall is 160429REV.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

We have received REV's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at 202-366-1060, or by email at [michelle.rice@dot.gov](mailto:michelle.rice@dot.gov) or through the office email at [rmd.odi@dot.gov](mailto:rmd.odi@dot.gov). We look forward to working with you.

Sincerely,
