Please review the following information to ensure that it conforms to your records as this information is being made available to the public. Harley-Davidson Motor Company (Harley-Davidson) is recalling certain model year 2014.5-2016 Dyna Low Rider motorcycles (FXDL 103) manufactured January 6, 2014 to April 7, 2016. Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
