Mfr's Report Date: May 19, 2016

NHTSA Campaign Number: 16V-368

Components:
EQUIPMENT

Potential Number of Units Affected: 11

Problem Description:

Dejana Truck & Equipment Co, Inc. (Dejana) is recalling certain model year 2013-2016 Dominator-Propane, Dominator I, Dominator II, Dominator III, and Dominator IV vehicles manufactured April 23, 2013, to January 22, 2016, equipped with IMT cranes, models 6000, 7500, 8600, 9500, 10000, 12000, or 14000. The affected cranes have a valve bank cover that may crack and fall from the crane while the crane is being transported.

Consequence:

If the valve bank cover detaches from the crane it could be a road hazard, increasing the risk of a crash.

Remedy:

Dejana will notify owners, and dealers will replace the valve bank cover with a thicker cover, free of charge. The recall is expected to begin in June 2016. Owners may contact Dejana customer service at 1-888-836-0649. Dejana's number for this recall is TB2016001/TB2016002.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Dejana's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at 202-366-1060, or by email at michelle.rice@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,
