16V-428

Subject: Incorrect GVWR/GAWR Ratings/Part 567

Dear Ms. Wells:

This letter serves to acknowledge East Manufacturing Corp.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

EAST/HYBRID DUMP TRAILER/2016
EAST/STEEL DUMP TRAILER/2016

Mfr's Report Date: June 6, 2016

NHTSA Campaign Number: 16V-428

Components:

EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 6

Problem Description:

East Manufacturing Corp. (East) is recalling certain model year 2016 Hybrid and Steel Dump trailers manufactured May 16, 2016, to June 2, 2016. These trailers may have incorrect Federal Certification labels with overstated gross axle weight ratings (GAWR) and/or gross vehicle weight ratings (GVWR). As such, these vehicles fail to comply with the requirements of 49 CFR Part 567, "Certification."

Consequence:

If the GAWR and/or GVWR limits are overstated, the driver may overload the trailer, increasing the risk of a crash.

Remedy:

East will notify owners, and will supply a new Certification Label and mounting rivets, free of charge. The recall is expected to begin in July 2016. Owners may contact East customer service at 1-330-325-8204.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received East's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at 202-366-1060, or by email at michelle.rice@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
