Mr. David Mihalick
Standards Compliance Manager
KZRV, L.P.
419 W. Pike Street
Jackson Center, OH 45334

NEF-150MR
16V-432

Subject: Refrigerator may Overheat

Dear Mr. Mihalick:

This letter serves to acknowledge KZRV, L.P.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

KZRV/SPREE/2016-2017

Mfr's Report Date: June 9, 2016

NHTSA Campaign Number: 16V-432

Components:

EQUIPMENT:RECREATIONAL VEHICLE

Potential Number of Units Affected: 61

Problem Description:

KZRV, L.P. (KZRV) is recalling certain model year 2016-2017 Spree travel trailers manufactured March 13, 2015, to May 3, 2016. The refrigerator vents on the affected trailers may be installed in an incorrect location, causing the refrigerator compartment to overheat, triggering the high temperature sensors to shut down the refrigerator.

Consequence:

If the high temperature sensor fails to shut down the refrigerator, the refrigerator would overheat, increasing the risk of a fire.

Remedy:

KZRV will notify owners, and dealers will install a larger refrigerator vent, and extend the internal baffle, free of charge. The manufacturer has not yet provided a notification schedule. Owners may contact KZRV customer service at 1-800-768-4016 extension 153 or 154.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received KZRV's proposed owner notification letter and have approved it for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

You are required to provide an estimated date including month, day, and year, when you will send notifications to owners, dealers, and distributors as soon as it becomes available. Please be reminded that it is required that owners be notified of a safety defect in their vehicles within 60 days of a manufacturer's notification to NHTSA of a safety defect in those vehicles.

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at 202-366-1060, or by email at michelle.rice@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
