Dear Mr. Franklin:

This letter serves to acknowledge Yamaha Motor Corporation, USA's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

YAMAHA/YZFR3F/G/2015-2016

**Mfr's Report Date:** June 21, 2016

**NHTSA Campaign Number:** 16V-459

**Components:**

ENGINE AND ENGINE COOLING

**Potential Number of Units Affected:** 11,280

**Problem Description:**

Yamaha Motor Corporation, USA (Yamaha) is recalling certain model year 2015-2016 Yamaha YZF-R3 F/G motorcycles manufactured January 1, 2015, to April 15, 2016. Due to an oil pump problem, the oil pressure in these motorcycles may not be properly regulated. As a result, the oil pump drive gear may fail and cause the engine to seize from lack of oil supply.

**Consequence:**

If the engine seizes from a lack of oil supply, the rear wheel may lock up suddenly, increasing the risk of a crash.

**Remedy:**

Yamaha has notified owners, and dealers will replace the oil pump, free of charge. The recall began July 5, 2016. Owners may contact Yamaha customer service at 1-800-962-7926. Yamaha's number for this recall is 990105.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.safercar.gov](http://www.safercar.gov).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
