Mr. Timothy Nalepka
Vice President and General Counsel
Motor Coach Industries
200 E. Oakton Street
Des Plaines, IL 60018

NEF-150MR
16V-510

Subject: Windows may Open Unexpectedly

Dear Mr. Nalepka:

This letter serves to acknowledge Motor Coach Industries's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

MCI/J4500/2015-2016

Mfr's Report Date: July 1, 2016

NHTSA Campaign Number: 16V-510

Components:

VISIBILITY:GLASS, SIDE/REAR

Potential Number of Units Affected: 63

Problem Description:

Motor Coach Industries (MCI) is recalling certain model year 2015-2016 J4500 vehicles manufactured April 14, 2015, to February 22, 2016. On the affected vehicles, the non-egress single pane passenger windows may have improperly installed mounting hardware, allowing the windows to open unexpectedly at the bottom.

Consequence:

A window that opens unexpectedly as a result of a crash or contact with the window may allow the passenger to be ejected from the bus, increasing their risk of injury.

Remedy:

MCI will notify owners, and dealers will tighten and secure the window mounting hardware, free of charge. The recall is expected to begin in July 2016. Owners may contact MCI customer service at 1-800-241-2947. MCI's number for this recall is SB 433B.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received MCI's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

The information in your report suggests that MCI may have been aware of this issue more than five business days before filing a report with NHTSA. Please be reminded that under Federal law, this agency is to be notified of all safety defect and/or noncompliance decisions within five business days. 49 CFR 573.6

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at 202-366-1060, or by email at michelle.rice@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
Chief, Recall Management Division
