**Mfr's Report Date:** September 15, 2016

**NHTSA Campaign Number:** 16V-671

**Components:**

TIRES

**Potential Number of Units Affected:** 30

**Problem Description:**

Jayco, Inc. (Jayco) is recalling certain 2017 Octane Super Lite travel trailers manufactured June 22, 2016, to June 23, 2016. The labels on the affected vehicles have incorrect tire load range and tire pressure information. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard (FMVSS) number 110, "Tire Selection and Rims."

**Consequence:**

Incorrect tire pressure information may result in the tires being over inflated, which can cause their sudden failure, increasing the risk of a crash.

**Remedy:**

Jayco has notified owners and provided them with a new label with the correct tire information, free of charge. The recall began on September 23, 2016. Owners may contact Jayco customer service at 1-800-283-8267. Jayco's number for this recall is 9901320.

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).
