Subject: Filter for Aerial Ladder may leak

Dear Mr. Steyn:

This letter serves to acknowledge E-One Incorporated's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

E-ONE/CYCLONE/2014-2016
E-ONE/QUEST/2014-2016
E-ONE/TYPHOON/2014-2016

Mfr's Report Date: November 2, 2016

NHTSA Campaign Number: 16V-801

Components:

EQUIPMENT

Potential Number of Units Affected: 196

Problem Description:

E-One Incorporated (E-One) is recalling certain model year 2014-2016 Typhoon, Quest, and Cyclone fire trucks manufactured January 1, 2014, to October 11, 2016, and equipped with aerial ladders. Due to a design change, the filter for the aerial ladder may leak hydraulic fluid.

Consequence:

A hydraulic fluid leak can cause a loss of aerial device function, increasing the risk of injury.

Remedy:

E-One will notify owners, and dealers will inspect and replace the filter and head assembly, as necessary, free of charge. The recall is expected to begin December 26, 2016. Owners may contact E-One customer service at 1-800-627-5050.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received E-One's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
