KZRV/SPORTSMEN/2015
KZRV/SPORTSTER/2015
KZRV/SPORTTREK/2015
KZRV/VENOM/2015

Mfr's Report Date: November 8, 2016

NHTSA Campaign Number: 16V-823

Components:

EQUIPMENT

Potential Number of Units Affected: 318

Problem Description:

KZRV, L.P. (KZRV) is recalling certain model year 2015 Venom, Inferno, Sportsmen, Sportster, MXT and SportTrek trailers manufactured July 1, 2014, to August 31, 2015, equipped with certain aluminum black ladders manufactured by Christianson Industries. The affected ladders have retractable hinges, each with a welded 'top hat' that can separate from the hinge.

Consequence:

If the hinges separate from the ladder while in use, the ladder may fall from the vehicle, increasing the risk of injury.

Remedy:

KZRV will notify owners, and dealers will install a hinge brace over the back of the existing hinges, free of charge. The recall is expected to begin in November 2016. Owners may contact KZRV customer service at 1-800-768-4016, extension 154 or 153.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received KZRV's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at 202-366-1060, or by email at michelle.rice@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,
