Subject: Water may Leak into Turn Signal Module

Dear Mr. Cox:

This letter serves to acknowledge Newmar Corporation's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

NEWMAR/KING AIRE/2017

Mfr's Report Date: November 18, 2016

NHTSA Campaign Number: 16V-848

Components:

ELECTRICAL SYSTEM: INSTRUMENT PANEL
EXTERIOR LIGHTING:TURN SIGNAL:FLASHER UNIT

Potential Number of Units Affected: 17

Problem Description:

Newmar Corporation (Newmar) is recalling certain model year 2017 King Aire motorhomes manufactured January 22, 2016, to October 19, 2016. Water may leak into the turn signal module. If the module is wet while the headlights are on, the glass dash display may switch to the turn signal camera mode causing the dash to show the turn signal side camera view over the speedometer and RPM displays.

Consequence:

If the driver cannot see the speedometer and RPM displays, there would be an increased risk of a crash.

Remedy:

Newmar will notify owners, and dealers will replace the defective module with a new module that is waterproof, free of charge. The recall is expected to begin January 17, 2017. Owners may contact Newmar customer service at 1-800-731-8300.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Newmar's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Kelly Schuler who may be reached by phone at (202) 366-5227, or by email at kelly.schuler@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
Chief, Recall Management Division
