Subject: Ramp Door Cable Brackets may Detach

Dear Mr. Gallagher:

This letter serves to acknowledge LGS Industries Inc's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

CARGO EXPRESS/CARGO TRAILER/2017
LOOK/CARGO TRAILER/2017
PACE/CARGO TRAILER/2017

Mfr's Report Date: November 22, 2016

NHTSA Campaign Number: 16V-863

Components:

STRUCTURE:BODY:DOOR:HINGE AND ATTACHMENTS

Potential Number of Units Affected: 34

Problem Description:

LGS Industries Inc (LGS) is recalling certain model year 2017 Look, Pace, and Cargo Express cargo trailers manufactured October 24, 2016, to November 8, 2016. Due to insufficient welds, the bracket that attaches the torsion spring cable to the ramp door could detach from the ramp door.

Consequence:

If the bracket detaches, the door can fall open, creating a crushing hazard or, if the door is completely open, the cable and bracket could act as a projectile, possibly causing personal injury.

Remedy:

LGS will notify owners, and dealers will inspect the cable brackets, repairing them as necessary, free of charge. The recall is expected to begin in December 2016. Owners may contact LGS customer service at 1-877-475-5665.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received LGS' proposed owner notification letter and envelope and they are currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Michelle Rice who may be reached by phone at 202-366-1060, or by email at michelle.rice@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
