Subject: Rear Seat Back Pivot Pins may Fail

Dear Mr. Fronckowiak:

This letter serves to acknowledge Ford Motor Company's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

FORD/FUSION/2017

Mfr's Report Date: November 30, 2016

NHTSA Campaign Number: 16V-874

Components:

SEATS:MID/REAR ASSEMBLY

Potential Number of Units Affected: 25

Problem Description:

Ford Motor Company (Ford) is recalling certain 2017 Ford Fusion vehicles manufactured September 27, 2016, to September 28, 2016. The left rear seat backs pivot pins may have been improperly welded.

Consequence:

During a crash, the improper welds may fail, allowing any stowed luggage to move into the passenger compartment, increasing the risk of injury.

Remedy:

Ford will notify owners, and dealers will replace the left hand, second row seat back frame, free of charge. The recall is expected to begin January 9, 2017. Owners may contact Ford customer service at 1-866-436-7332. Ford's number for this recall is 16S43.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

We have received Ford's proposed owner notification letter and approved it for distribution.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Sarah Mcshane who may be reached by phone at 202-366-7401, or by email at sarah.mcshane@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
