Subject: Control Arm Fastener may Fail

Dear Mr. Kobylarz:

This letter serves to acknowledge Jaguar Land Rover North America, LLC's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

LAND ROVER/DISCOVERY SPORT/2016-2017
RANGE ROVER/EVOQUE/2016-2017

Mfr's Report Date: December 9, 2016

NHTSA Campaign Number: 16V-889

Components:

SUSPENSION:FRONT:CONTROL ARM:LOWER ARM

Potential Number of Units Affected: 220

Problem Description:

Jaguar Land Rover North America, LLC (Land Rover) is recalling certain model year 2016-2017 Land Rover Discovery Sport vehicles manufactured May 30, 2016, to August 24, 2016, and 2016-2017 Range Rover Evoque vehicles manufactured June 7, 2016, to August 26, 2016. The affected vehicles have front lower control arm fasteners that may fail due to an assembly error, possibly resulting in separation of the steering knuckle.

Consequence:

If the fasteners were to fail causing the knuckle to separate, vehicle handling may be affected, increasing the risk of a crash.

Remedy:

Land Rover will notify owners, and dealers will replace the hardware that connects the front lower control arm to the knuckle, free of charge. The recall is expected to begin January 30, 2017. Owners may contact Land Rover customer service at 1-800-637-6837. Land Rover's number for this recall is Q650/Q651.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.safercar.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of six consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Your contact for this recall will be Tariq Bond who may be reached by phone at 1-202-366-5472, or by email at tariq.bond@dot.gov or through the office email at rmd.odi@dot.gov. We look forward to working with you.

Sincerely,

Jennifer Timian
