

Part 573 Safety Recall Report**16V-037****Manufacturer Name :** Altec Industries Inc.**Submission Date :** JAN 25, 2016**NHTSA Recall No. :** 16V-037**Manufacturer Recall No. :** CSN 629**Manufacturer Information :**

Manufacturer Name : Altec Industries Inc.

Address : 210 Inverness Center Drive

Birmingham AL 35242

Company phone : 205-991-7733

Population :

Number of potentially involved : 5

Estimated percentage with defect : 100

Vehicle Information :

Vehicle : 2015-2015 EFFER 440, 470

Vehicle Type :

Body Style :

Power Train : NR

Descriptive Information : Knuckle Boom Crane

Production Dates : JAN 01, 2015 - DEC 31, 2015

VIN (Vehicle Identification Number) Range

Begin : NR

End : NR

 Not sequential VINs**Description of Defect :**

Description of the Defect : Cracks in the pedestal weldment

FMVSS 1 : NR

FMVSS 2 : NR

Description of the Safety Risk : Cracks in the pedestal weldment could lead to structure failure increasing the risk of death of serious injury.

Description of the Cause : NR

Identification of Any Warning that can Occur : Inspection of the unit prior to use can identify cracks that develop

Supplier Identification :**Component Manufacturer**

Name : EFFER

Address : Via IV Novembre 12

Minerbio (BO) FOREIGN STATES 40061

Country : Italy

Chronology :

Altec was notified in late December by North American Lifting Equipment (NALE), a distributor of EFFER Cranes, of actions required to be taken on certain EFFER Cranes. Altec purchased 5 of the affected cranes from NALE and mounted them on motor vehicle chassis. Based upon discussions with NALE, Altec determined that the EFFER document met the requirements for Altec to report this as a safety related defect to NHTSA. Altec will notify the affected customers of the inspection and repair requirements as published by EFFER

Description of Remedy :

Description of Remedy Program : Altec will issue CSN 629 with the EFFER provided information to the 5 customers of Altec installed affected products informing them that they will be contacted by Altec within 30 days to schedule a unit inspection

How Remedy Component Differs from Recalled Component : Unknown. See EFFER/NALE Notice

Identify How/When Recall Condition was Corrected in Production : Unknown. See EFFER/NALE Notice

Recall Schedule :

Description of Recall Schedule : NR

Planned Dealer Notification Date : NR - NR

Planned Owner Notification Date : FEB 17, 2016 - FEB 17, 2016

* NR - Not Reported
