

Part 573 Safety Recall Report**16V-055****Manufacturer Name :** Newmar Corporation**Submission Date :** MAY 06, 2016**NHTSA Recall No. :** 16V-055**Manufacturer Recall No. :** NR**Manufacturer Information :**

Manufacturer Name : Newmar Corporation

Address : 355 North Delaware Street

PO Box 30 Nappanee IN 46550

Company phone : 574-773-7791

Population :

Number of potentially involved : 165

Estimated percentage with defect : 100

Vehicle Information :

Vehicle : 2015-2015 Newmar Ventana

Vehicle Type :

Body Style :

Power Train : NR

Descriptive Information : On certain motorhomes built on Freightliner Chassis, the front rims maximum rating is 120 psi which is lower than the Michelin tires maximum inflation rating of 130 psi. Inflation of tire past the manufactures maximum rim rating could increase the risk of a crash causing injury and/or damage to property. Correction: The customer is being offered a choice of two options.

#1 a replacement Federal Tag label with 120 psi rating will be issued.

#2 front rims with a 130 psi rating will be installed with an updated Incomplete Vehicle Label by Freightliner.

Production Dates : JAN 16, 2015 - JAN 13, 2016

VIN (Vehicle Identification Number) Range

Begin : NR

End : NR

 Not sequential VINs

Vehicle : 2015-2015 Newmar Ventana LE

Vehicle Type :

Body Style :

Power Train : NR

Descriptive Information : On certain motorhomes built on Freightliner Chassis, the front rims maximum rating is 120 psi which is lower than the Michelin tires maximum inflation rating of 130 psi. Inflation of tire past the manufactures maximum rim rating could increase the risk of a crash causing injury and/or damage to property. Correction: Newmar has brought this to Freightliner's attention and are awaiting their direction on the remedy.
