Begin : WDAPF4CC6FP153351                      End : WDAPF4CC0GP182177                       Not sequential VINs

**Description of Defect :**

Description of the Defect : Federal Placards were printed incorrectly. The Federal Placard incorrectly listed the number of seatbelts as zero. In addition, the fresh water capacity was not calculated into the vehicle's mass. Lastly, the Gross Vehicle Weight Rating was not printed on the Federal Placard.

FMVSS 1 : 567 - Certification

FMVSS 2 : NR

Description of the Safety Risk : Owners will not know the total Gross Vehicle Weight Rating of the vehicle and could potentially overload the vehicle without this information on the Federal Placard. In addition, the cargo carrying capacity was reduced because the water capacity was not calculated into the final weights.

Description of the Cause : Due to a clerical input error, the incorrect preference codes for the vehicle chassis were not used upon order entry selection.

Identification of Any Warning that can Occur : The only warning is if an individual was to review the Federal Placard.

**Chronology :**

On February 10, Corporate Compliance was notified by the General Manager, Mark Steele, of the aforementioned problem with the Federal Placards. On February 11, the Forest River Corporate Committee voted to recall the effected population as it is a clear FMVSS 567 violation. Lastly, on February 12, new, correct Federal Placards were printed and sent to Corporate Compliance for distribution.

**Description of Remedy :**

Description of Remedy Program : Forest River will provide new Federal Placards free of charge to owners and dealers.

What is the Forest River Customer Service Phone Number? (574) 825-8628

How Remedy Component Differs from Recalled Component : Corrected Federal Placards contain the corrected seatbelt information, fresh water capacity and Gross Vehicle Weight Rating will be issued.

Identify How/When Recall Condition was Corrected in Production : This has been corrected in production by using the correct preference code for the chassis.

**Recall Schedule :**

Description of Recall Schedule : Forest River has the utmost urgency in our recalls. Forest River will send suspected VIN numbers to our third party vendor that is licensed to pull data on the current owner of the vehicles once a formal NHTSA I.D. is provided. Forest River intends on pushing the mailing out as soon as NHTSA provides any correction(s) and an Acknowledgement Letter.
