Description of the Cause : NR

Identification of Any Warning that can Occur : NR

**Supplier Identification :****Component Manufacturer**

Name : NR  
Address : NR  
NR  
Country : NR

**Chronology :**

May 11, 2016 received an email from a dealer that the label showed 65lb but that the tire showed 80lb. This was sent to our production to verify the cause and if this was an isolated incident. The information in the computer table was entered wrong at the change over.  
5/12/2016 the first date of occurrence was determined. And the safety committee meet and approved this for recall.

**Description of Remedy :**

Description of Remedy Program : Heartland will have an authorized dealer or repair center replace the Federal Certification Label and Tire Placard. This will be corrected at no expense to the owner.

How Remedy Component Differs from Recalled Component : the corrected information is printing on the labels.

Identify How/When Recall Condition was Corrected in Production : 5/11/2016 the computer system information was corrected so all labels would print correctly, all current product still not dispatched was corrected.

**Recall Schedule :**

Description of Recall Schedule : notices will be mailed once the final list of the affect units are supplied and the owner letter approved.
