Chronology :

On November 16, 2016, Forest River – Office of Corporate Compliance (“OCC”) received a notice from Daimler Trucks North America (“DTNA”) regarding its recall 16V666. Forest River confirmed that it used the affected product in its production.

Description of Remedy :

Description of Remedy Program : Daimler Trucks North America will replace the instrument clusters with clusters displaying the correct warning, free of charge to the owner and dealership. This is the first of two notices you will receive regarding this subject. This letter is to inform you of an upcoming Recall to correct the issue noted above. Parts are not yet available.

What is Daimler Trucks North America Phone Number? (800) 385-4357
What is the Forest River Customer Service Phone Number? (574)
642-3112
Who will be conducting the Quarterly Reporting: DTNA

How Remedy Component Differs from Recalled Component : According to DTNA, the new remedy component instrument cluster will display the correct warning(s).

Identify How/When Recall Condition was Corrected in Production : No description provided by DTNA.

Recall Schedule :

Description of Recall Schedule : Forest River has the utmost urgency in our recalls. Forest River will send suspected VIN numbers to our third party vendor that is licensed to pull data on the current owner of the vehicles once a formal NHTSA I.D. is provided. Forest River intends on pushing the mailing out as soon as NHTSA provides any correction(s) and an Acknowledgement Letter.

Planned Dealer Notification Date : JAN 18, 2017 - JAN 18, 2017

Planned Owner Notification Date : JAN 18, 2017 - JAN 18, 2017
