Description of the Cause : Improper installation instructions were provided to Jayco by Chassis manufacture - Spartan Chassis

Identification of Any Warning that can Occur : NR

Supplier Identification :**Component Manufacturer**

Name : NR

Address : NR

NR

Country : NR

Chronology :

11-22-16 Spartan Chassis notified Jayco Entegra Division that the mounting orientation communicated by Spartan for the WABCO OnGuard Collision Mitigation System is upside down and recommended that ALL Cornerstones have the orientation changed. Spartan provided List of chassis sold with the WABCO OnGuard - Jayco is matching to specific Entegra product serial numbers to create a scope. 11-22-16 Operations placed all 2017 Cornerstones on hold until inspected 11-28-16 bracket from Spartan available for the remedy - Jayco will inspect all Cornerstones on site and correct when required.

Description of Remedy :

Description of Remedy Program : Spartan Service Centers will remove, and correct the orientation of the radar and re-calibrate the system at no charge to the registered owner. Retail notification letter will include contact number 855-589-9836 to schedule appointment at nearest Spartan Service Center with the Wabco Toolbox software. The remedy will require a new mounting bracket - will be provided at no charge EDIT MADE 12-22-16

How Remedy Component Differs from Recalled Component : Orientation of the radar system. - Correct position of the harness connector is toward the street side instead of the curbside.

Identify How/When Recall Condition was Corrected in Production : 11-22 -Jayco operations placed all 2017 Cornerstones on site on HOLD for inspection and repair when required.. Per Spartan.. availability of the mounting bracket is 11-28-16. Operations has noted the orientation change for all future Cornerstones.
