## Chronology :

June 2016 C&M changed the lamp used that previously covered the front side reflex reflector. The noncompliance was discovered during an audit in December.

## Description of Remedy :

Description of Remedy Program : C&M will mail reflex reflectors, a letter and a diagram to all affected trailer owners and to all dealers that have trailers with instructions on where to place the front reflex reflectors so that the trailers are in compliance with FMVSS 108.

How Remedy Component Differs from Recalled Component : NR

Identify How/When Recall Condition was Corrected in Production : C&M rectified the issue on affected trailers in production. Until C&M changes to a lamp that covers the reflex reflector requirement, they will continue to add reflex reflectors to trailers to be in compliance with FMVSS 108.
