******* Parts Information *******

An order form is not available at this time. Nissan has developed an automatic parts shipment plan to ensure an adequate supply of parts is available to all Nissan dealers.

The Nissan Auctions have selected dealers to perform campaign repairs on units awaiting to be sold. Nissan has begun allocating additional inventory to these dealers in this week’s shipment to begin repairing these vehicles. Please schedule repairs in accordance with parts availability at your location. Nissan will continue sending additional allocations in future shipments.

Dealers receiving parts for Hertz, Avis/Budget, and Enterprise will continue to be contacted directly by Nissan to communicate how many parts have been allocated for each rental company. Rental companies are distributing parts directly to their service centers.

- The **second automatic shipment** of 65601-9HP1D parts will begin shipping on **Thursday, February 4th, 2016**. 65601-9HP0D parts will begin shipping **Friday, February 5th, 2016**.
 - Please see the attached [Automatic Parts Shipment list for details](#)
- The Next automatic shipment is schedule to begin arriving at dealers on **Friday, February 12th, 2016**.
 - Details for the February 12th shipment and any future shipments will be the topic of another announcement.
