Affected Models/Years:	Affected Population:	Dealer Inventory:	SERVICE COMM Activation date:
MY13-15 Altima	846,009	2,105	January 22, 2016

The purpose of this update is to provide parts shipment information.

******* Parts Information *******

An order form is not available at this time. Nissan has developed an automatic parts shipment plan to ensure an adequate supply of parts is available to all Nissan dealers.

The Nissan Auctions have selected dealers to perform campaign repairs on units awaiting to be sold. Nissan has begun allocating additional inventory to these dealers in this week's shipment to begin repairing these vehicles. Please schedule repairs in accordance with parts availability at your location. Nissan will continue shipping additional parts allocations as PDC stock allows.

Dealers receiving parts for Hertz will continue to be contacted directly by Nissan to communicate how many parts have been allocated for each rental company. Rental companies are distributing parts directly to their service centers.

Note: Shipments to Enterprise and Avis have been completed. Enterprise and Avis will now work with dealers to repair the vehicles they have remaining. Dealers should schedule these repairs at their discretion.

- The **sixth automatic shipment** of 65601-9HP1D parts will begin shipping on **Thursday, March 3rd, 2016**. 65601-9HP0D parts will begin shipping **Friday, March 4th, 2016**.
 - Please see the attached **Automatic Parts Shipment list for details**
- Nissan parts shipments received this week were less than expected. As a result:
 - Dealers serviced by the Memphis (PDC 16) and Chicago (PDC 22) PDCs have no 65601-9HP0D shipments at this time.
 - Dealers with sufficient inventory were not allocated parts in this shipment.
- Additional shipment allocations will be the topic of a future communication.
