FROM: Campaign Administration

RE: Stop Sale/Safety Recall: 2009-2014 Multi-Model Honda Driver's Airbag Inflator

Background:

This iN message contains multiple updates for the Stop Sale/Safety Recall: 2009-2014 Multi-Model Honda Driver's Airbag Inflator campaign.

- As noted in earlier advisories, on Friday, January 29, 2016, American Honda notified NHTSA of a stop sale and safety recall of model year 2007-2015 Honda vehicles, requiring the replacement of driver's front airbag inflators.

Parts Updates:

Additional parts availability:

- Service bulletin 16-016, Safety Recall: Takata Driver's Airbag Inflator May Be Over-Pressurized
has been revised with repair procedures and parts information for the following models:
 - 2009-2013 Fit
 - 2013-2014 Fit EV
- Limited quantities of inflator kits will be allocated for the above models and will begin arriving at dealers on April 29, 2016.

Ridgeline Update:

- As mentioned in an iN message dated Wednesday, April 13, 2016, American Honda has identified a concern with replacement airbag inflators (P/N 04770-SJC-405) for 2007-2014 Ridgeline.
- The issue is still under investigation, and American Honda asks that all Ridgeline repairs be put on hold until further notice.
