

## ***IMPORTANT SAFETY RECALL***

Dear Dealer:

This **Safety Recall Notice** is sent to you in accordance with the requirements of the United States National Traffic and Motor Vehicle Safety Act and The Canadian Motor Vehicle Safety Act and is important for your safety.

Thor Motor Coach (TMC) decided that a safety defect which relates to motor vehicle safety exists in certain Thor Motor Coach models of motor homes.

It has been decided that certain TMC Hurricane and Windsport model motorhomes subject to this recall campaign have the exhaust running too close to a vehicle storage compartment. The exhaust requires a heat shield to be in place in when located this close to other parts of the vehicle. Without the heat shield in place, heat is not properly dissipated around the exhaust of the vehicle. This potentially could result in a fire. In the event of a fire, there is a potential for property damage, personal injury or death.

The required action is to install a heat shield to protect the storage compartment.
