## Team,

Your dealership has been identified as having the following vehicles on your lot as "unsold" with the S16 (Left Front Brake Caliper) open recall on them.

As a FYI, sales will be paying off/issuing final incentive on 2015MY at the end of May, thus we would like dealers to prioritize <u>15MY first and then work through the 16MY vehicles in their inventory</u>.

A dealer notification will be sent out on May 5<sup>th</sup> and the customer notification will is scheduled to be released on May 9<sup>th</sup>.

Please take action on the following vehicles as soon as possible to guarantee a quick turnaround for a saleable product on your lot.
