**Attention: All Dealer Principals**

Kia Motors America, Inc., pursuant to the National Traffic and Motor Vehicle Safety Act, is conducting a Voluntary Safety Recall Campaign (SC130) to replace the headlight multi-function switch with an improved one on certain 2015-2016 MY Kia K900 V8 Luxury vehicles equipped with LED headlights, produced from December 18, 2013 through January 11, 2016. Use of the headlights in AUTO mode over time may result in increased electrical resistance of the contact points in the multi-function switch. If this occurs, the headlights may flicker and/or intermittently turn off while driving. The interrupted illumination of headlights while driving increases the risk of a crash.

The Technical Service Bulletin that provides vehicle repair procedures, affected VIN production range, and warranty claim information will be posted on the Kia Global Information System (KGIS) at [www.kiatechinfo.com](http://www.kiatechinfo.com) on **May 18, 2016**.

Your Service Manager was sent a copy of the owner notification letter and a Q&A guide for recall questions both of which describe the issue and information on how to access the list of retailed 2015-2016 MY Kia K900 V8 Luxury vehicles equipped with LED headlights.

**NHTSA ADVISORY: It is a violation of Federal law for a dealer to deliver a new motor vehicle covered by this notification under a sale or lease until the defect is remedied.**
