IMPORTANT SAFETY RECALL

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Karavan Trailers, Inc. has decided that a defect which relates to motor safety exists in models KPSD-120; KPSD-220; KPSD-222; KPSD-224.

The axle under the above mentioned models is built with a spindle flange that can bend under normal loaded trailer towing conditions. A tire blowout can cause a crash.

By the time you receive this letter your dealership will have received your replacement axle(s) at no charge. Karavan Trailers, Inc. will reimburse your dealership \$65.00 per axle for labor upon receipt of the completed repair bill. You will not incur any fees for this replacement.

Please note it is a violation of federal law to sell or resell products covered by a safety defect recall.
