Safety Recall Technical Advisory (S27)

In June of 2016, FCA launched **Safety Recall S27** – Transmission Electronic Shift Lever. This recall involved certain 2014 and 2015 Jeep Grand Cherokee and 2012 through 2014 model year Chrysler 300/Dodge Charger vehicles.

To ensure that all four modules are updated with new or correct software, additional steps were added to the dealer instructions to include a Vehicle Scan Report with the Warranty claim submission.
