R1607	MY2015-16 NV200/NV200 Taxi (M20/M30) manufactured after 2/2015	NA	NA	May 24 th , 2016

******* Parts update *******

The purpose of this update is to inform dealers that the NV200/NV200 Taxi 10-pin OCS ECU (98856-9SD5A) is now orderable on DCS as an SVC order type. Automatic shipments will no longer be provided for this part number.

Dealers should place orders, **as needed**, on DCS. Orders will be filled as parts are available on a first in, first out basis. Dealers will need to enter a VIN for each order with a maximum order quantity of 1 part per VIN.

Nissan is working towards adding additional part numbers on the DCS system for SVC ordering and will issue announcements as additional part numbers are added. Automatic shipments will continue for OCS parts not available for order on DCS.
