Subject: Parts Update 5 – R1607 Occupant Classification System – Dealer Announcement

PNC	Affected Models/Years:	Affected Population:	Dealer Inventory:	SERVICE COMM Activation date:
R1607	2013-2016 Pathfinder, LEAF, & NV200 2013-15 Pathfinder Hybrid 2014-2016 Taxi	434,237	NA	May 24 th , 2016

Parts update:

The purpose of this update is to inform dealers that select parts are now orderable on DCS as an SVC order type or no longer on restriction. Automatic shipments will no longer be provided for part numbers once they are available for order.

Dealers should place orders, **as needed**, on DCS. Orders will be filled as parts are available on a first in, first out basis. Dealers will need to enter a VIN for each order with a maximum order quantity of 1 part per VIN. Dealers should ensure that the correct part number is ordered for each VIN. If the part that is ordered is not for the VIN provided then the order will be **REJECTED**. Only the parts listed as available on DCS will be processed.

Nissan is working towards adding additional part numbers on the DCS system for SVC ordering and will issue announcements as additional part numbers are added. Automatic shipments will continue for OCS parts not available for order.
