I acknowledge that the dealer associate above has informed me that the vehicle referenced above is subject to a GOP or GOR Takata Airbag Inflator Recall issued by Toyota. I am aware that Toyota has decided that a defect which relates to motor vehicle safety may exist in the Subject Vehicle. According to Takata, the propellant in these inflators may degrade after prolonged exposure to high absolute humidity and fluctuating high temperatures. Degraded propellant can cause inflator rupture during airbag deployment. In the event of an inflator rupture, metal fragments could pass through the airbag cushion material, striking the vehicle occupants and result in serious injury or death.

I understand that the Subject Vehicle's passenger's front airbag inflator is required to be replaced under the recall described above. I also understand that the replacement airbag inflator needed to make the Subject Recall Repair is not available at this time. I have therefore elected to drive a loaner/rental car provided through an authorized Toyota dealer until the Subject Recall Repair(s) can be completed. The dealer is authorized to provide me with a loaner/rental vehicle to drive until my dealer notifies me that the parts to remedy my vehicle are available, or until such time as the dealer requests that I return the rental vehicle, whichever is earlier.

**I acknowledge that I will take the vehicle referenced above home or another personal storage location and store it while driving the rental car provided by the dealer. I specifically and knowingly make the following agreements:**

- I agree not to drive the Subject Vehicle while it is in my possession, custody, or control until the Subject Safety Recall Repair is completed other than directly to or from the Dealer. However, to maintain the vehicle battery life, I will start the vehicle and let it idle for a short period. If your vehicle is garaged, please move it out of the garage while the vehicle is idling.

- I agree not to allow the Subject Vehicle to be driven by others, and will ensure that all keys/key fobs to the vehicle are inaccessible to all others, until the Subject Safety Recall Repair is completed.
- I agree either to drive the Subject Vehicle directly to the Dealer, or to allow the Dealer to tow the Subject Vehicle to the Dealer, within 48 hours after the Dealer notifies me that the parts necessary to complete the Subject Safety Recall Repair have become available, at no cost to me.
- I agree to maintain possession of the Subject Vehicle and will not alter, or modify the Subject Vehicle until such time as the Subject Safety Recall Repair is performed.
- Should I lose possession of and/or sell the Subject Vehicle before the Subject Safety Recall Repair is performed, I agree to notify the Dealer immediately, and no later than 24 hours after I have lost possession of the Subject Vehicle, and return the loaner/rental vehicle within 48 hours.
- I agree that I will be responsible if I cause the Subject Vehicle to be driven other than directly to or from the Dealer prior to the performance of the Subject Safety Recall Repair.
