From Honda National Sales and Parts & Service

Subject Takata Airbag Inflator Recall Overview - Updated

Requested Action: Review the attached chart for a summary of information related to the multiple Takata airbag inflator recalls.

The attached chart has been updated for Honda dealers to help clarify the multiple Takata airbag inflator recalls and related information.

For each recall, the chart identifies the campaign, active service bulletin, models affected (Honda and Acura), vehicle population, parts availability (as of August 4, 2016), and which recalls qualify for related American Honda programs. The chart also includes Service Bulletin 16-006, as it is part of the Trade-in Assistance program.

[CLICK HERE](#) TO DOWNLOAD THE CHART.

Please continue to watch Bruce Smith's videos for recall updates and information. Thank you for continuing to take care of our customers affected by these recalls.
