Parts Update 2

Reference: PM657, PM665

Date: March 31, 2017

Attention: Dealer Principal, Sales, Service & Parts Managers

******* Parts Update*******

As stated in our previous parts update on March 17, 2017, Nissan anticipated a March 31, 2017 campaign TSB release and mid-April parts availability.

Due to a new NHTSA tracking requirement, a new campaign ID for PM657 is required to separate VINs for vehicles that received an interim repair and vehicles that did not. We are now planning for Service Comm to be fully updated by April 10, 2017 and are working to deliver a small amount of parts to dealers by that date. Once the automatic shipment is released, we will place the parts on DCS for SVC ordering for PM657, PM665, and the newest Campaign ID.

******* Claims Information *******

NOTE: Due to part availability, the following rental coding can be submitted **prior to vehicle repair** if necessary. Each Op code can only be claimed once per VIN, so do not submit a claim until the rental is no longer needed or 30 days has elapsed, whichever occurs first.

Dealers should not resubmit rental bills that have been reimbursed when the vehicle is remedied.
