

Subarunet Announcement

To: All Subaru Retailers
From: Subaru of America, Inc.
Date: June 16, 2017

UPDATE: TKA-16 Front Passenger Air Bag Inflator Owner Notification (2010 MY Forester vehicles)

As we work through the Takata recall process, we will continue to mail owner notification letters to urge additional customers to schedule an appointment for the repair. This notification process is being prioritized in phases, based on parts supply, age of the inflator in the vehicle (oldest first), and geographic registration history of the vehicle.

On June 21, the next phase of these owner notification letters was mailed to the owners of affected 2010 MY Forester vehicles in priority group 6 as defined by NHTSA.

Affected VIN lists will be distributed to each Zone Office.

Please be sure to review the latest version of the Product Campaign Bulletin as found on STIS for the installation instructions and detailed parts information.

Thank you.
