IMPORTANT SPECIAL DISPLACED PARTS HANDLING PROCEDURE

As noted in Technical Bulletins J074NAS / P087NAS and Service Bulletins 6-311USA / SGI16-34, displaced parts require special procedures and all must be shipped to Takata Holdings.

DO NOT SCRAP displaced parts covered in the communications above even if they appear on the Dealer Integrated Material Exchange (DIME) with a "Scrap" status. Refer to the Service Bulletins for instructions on re-packaging and shipping all replaced parts to Takata Holdings.
