From: Audi Customer Protection  
Subject: Advance Notice Safety Recall 69O1 – Airbag Control Module (Continental)  
Certain 2008-2009 Model Year Audi A4, A5 and Q5

Audi has notified NHTSA and Transport Canada about the upcoming safety recall described in this letter.

<b>CODE</b>	69O1
<b>AFFECTED VEHICLES</b>	Certain 2008-2009 Model Year Audi A4, A5 and Q5
<b>RECALL DESCRIPTION</b>	In certain vehicles, a power supply component in the airbag control unit may corrode and cause the unit to fail. If the airbag control unit fails, safety systems such as seat belt pretensioners and airbags may not deploy in the event of a crash, increasing the risk of occupant injury.
<b>PRECAUTIONS</b>	Customers can continue to drive their vehicles as usual; however if an airbag light illuminates on the instrument panel, customers are advised to contact their authorized Audi dealer without delay to have the airbag system in the vehicle inspected.
<b>CORRECTIVE ACTION</b>	Repair information will be provided to dealers when parts and repair instructions become available to support this recall.

**IMPORTANT REMINDER ON VEHICLES AFFECTED BY SAFETY & COMPLIANCE RECALLS**

**New Vehicles in Dealer Inventory: It is a violation of Federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied. By law, dealers must correct, prior to delivery for sale or lease, any vehicle that fails to comply with an applicable Federal Motor Vehicle Safety Standard or that contains a defect relating to motor vehicle safety.**

**Pre-Owned Vehicles in Dealer Inventory: Dealers should not deliver any pre-owned vehicles in their inventory which are involved in a safety or compliance recall until the defect has been remedied.**

If you have any questions or require additional assistance, please contact Warranty. As always, any press inquiries should be directed to Audi Public Relations.
