Attention: All Dealer Principals

Kia Motors America, Inc., pursuant to the National Traffic and Motor Vehicle Safety Act, is conducting a Voluntary Safety Recall Campaign (SC133) on certain 2006–2012 MY Kia Sedona vehicles, manufactured from 6/15/2005 through 08/14/2012, originally sold in and/or currently registered in one of the twenty-eight (28) salt belt states listed below. Certain 2006-2012 MY Sedona vehicles which have previously had a corrosion recall repair performed pursuant to Safety Recall SC100 may still be experiencing corrosion issues. The front lower control arms may break due to corrosion resulting from prolonged exposure to environments where heavy road salt is used, increasing the risk of crash.

The 28 salt belt states are: AK, CT, DC, DE, IA, IL, IN, MA, MD, ME, MI, MN, MO, NH, NJ, NY, OH, PA, RI, VT, WI, WV, KS, KY, NE, ND, SD, UT.

The Technical Service Bulletin that provides vehicle repair procedures, affected VIN production range, and warranty claim information will be posted on the Kia Global Information System (KGIS) at www.kiatechinfo.com on **July 21, 2016**.

Your Service Manager was sent a copy of the owner notification letter and a Q&A guide for recall questions both of which describe the issue and information on how to access the list of retailed 2006-2012 MY Kia Sedona vehicles.

Kia will notify the vehicle owners on **July 25, 2016**.

NHTSA ADVISORY: It is a violation of Federal law for a dealer to deliver a new motor vehicle covered by this notification under a sale or lease until the defect is remedied.
