

October 6, 2016

Attention: Mazda Service and Parts Managers

Subject: Launch of Safety Recall 9816H and Special Service Program SSPA7

Announcing the launch of **Safety Recall 9816H** for SAS Unit Concern. Due to limited parts supply, owners will initially be informed to wait until replacement SAS units are available. When parts become available, a second notification will be mailed to owners, asking them to make an appointment with dealers for the repair.

SUBJECT VEHICLES

Model	VIN Range	Build Date Range
2009-2010 Mazda6	1YV HP**** 95 M00001 – M52215 1YV HZ**** A5 M00014 – M41192	From February 4, 2008 through December 3, 2009

Also announcing the launch of **Special Service Program SSPA7 - SAS Unit Warranty Extension**. The warranty coverage for the applicable repair is extended to 15 years from the original warranty start date, with no mileage limitation.

SUBJECT VEHICLES

Model	VIN Range	Build Date Range
2009-2010 Mazda6	1YV HP**** 95 M44838 – M52259 1YV HZ**** A5 M00015 – M36450	From December 15, 2008 through February 25, 2010

Safety Recall 9816H and SSPA7 appear on eMDCS for the subject vehicles. Subject owners were notified by mail on October 5, 2016.

Recall 9816H and SSPA7 documents will be available on MS3 via MXConnect next week.

Your understanding and support in carrying out these campaigns are greatly appreciated.
