DCSnet Message  
**Urgent**

Subject: **Recall Announcement 16V-XXX: Driver's Air Bag Module**

BMW AG is conducting a Voluntary Safety Recall on F15 (X5), F25 (X3), and F26 (X4) Model Year 2014-2015, involving the driver's air bag module. Approximately 3,606 vehicles may be affected. Please refer to attached Service Information bulletin B65 22 16 for further information.

Please be reminded that it is a violation of Federal law for you to sell, lease or deliver any vehicle covered by this notification until the delivery stop repair has been performed. This means that centers may not legally deliver new motor vehicles to a consumer until it is fixed or use/sell replacement equipment/parts subject to a delivery stop. Note also that substantial civil penalties apply to violations of this law.

Also, you should not sell, lease or deliver any Certified Pre-Owned or used vehicles subject to a delivery stop until the repair is completed.

Thank you,

Technical Service
