## **IMPORTANT SAFETY RECALL**

### **NHTSA Recall Campaign # 16V-745**

Dear Valued Entegra Dealer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Entegra has decided that a defect which relates to motor vehicle safety exists in certain Model Year 2017 Cornerstone Class A motor homes manufactured on a Spartan chassis April 13, 2016 through August 25, 2016.

The power steering pump may have an undersized bore in the spool housing. This may cause the spool to stick resulting in reduced power steering fluid flow, which may result in an intermittent loss of power steering, increasing the risk of a crash. This could occur without warning.

The remedy is for a qualified **Spartan Service Center** to replace the power steering pump. The recall remedy will take approximately three hours and will be performed at no charge to you.

The following Class A Motor Home is affected by this recall and our records show it registered as part of your inventory.

#### **Serial number**

**Federal law requires that all units in your inventory be repaired prior to delivery to a customer. If you have sold a unit recently that you have received a stock recall notice on, please contact the owner immediately to advise of the recall. In addition, please register the unit by submitting the Warranty Registration information to Entegra.**

Information regarding this recall is available under the Service and Parts Tab. If you have any questions, please contact Entegra Customer Service 800-517-9137 for assistance.

We certainly regret this inconvenience; however, we have taken this action in the interest of our customers' safety and continued satisfaction with their Entegra Motor Home.

Sincerely,  
Entegra Coach
