

Important Recall Campaign Information

Date: December 08, 2016

Attn: Dealer Principal/General Manager/Service Manager/Parts Manager

Subject: Recall Campaign 154: 2007-2008 Entourage Secondary Hood Latch (INTERIM)

Affected Vehicles

Hyundai has recently announced, but not yet launched, a safety recall related to the secondary hood latch on certain 2007 and 2008 Entourage vehicles.

Reason for this Recall

The secondary hood latch may become corroded over time and cause the latch to remain in the open position when the hood is closed. If the hood is not securely closed or the primary hood latch is released while driving, the hood may open and obscure the driver's vision. The hood will not open if the primary latch is securely latched.

Parts

- TBD. Additional details will be provided when the recall remedy is available.

Service Action

- We are currently making preparations to implement the recall remedy. A Technical Service Bulletin (TSB) will be provided when the remedy is available.
- For any customers that are currently experiencing a concern related to this recall campaign, please confirm with Hyundai Techline that there are no revised instructions. As always, customers should insure their hood is securely latched before driving their vehicle.
- Affected VINs are posted on WebDCS> Service Tab> Information> Uncompleted Campaign VIN Listing –Retailed. Dealers may use owner information provided for the purpose of conducting and performing this recall campaign, and for no other purpose.

Customer Notification

This recall campaign has been posted to the NHTSA website, and you may receive phone calls from customers with questions regarding this matter. Hyundai will notify all owners of the vehicles described above to return their vehicles to their Hyundai dealers for repair. Customer notification letters of the recall campaign are scheduled to be mailed no later than January 13, 2017.

Thank you for your prompt attention to this important safety matter and continued commitment to taking care of Hyundai customers.
