Subject: Repair Start Date for Safety Recall 45F5 – ABS Control Module Software

On February 14, 2017 repair instructions will be released for Safety Recall 45F5. On that date, dealers may begin repairing vehicles affected by this recall. Please refer to the campaign circular that will be posted to ServiceNet and Elsa for additional information.

IMPORTANT REMINDER ON VEHICLES AFFECTED BY SAFETY & COMPLIANCE RECALLS

New Vehicles in Dealer Inventory: It is a violation of Federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied. By law, dealers must correct, prior to delivery for sale or lease, any vehicle that fails to comply with an applicable Federal Motor Vehicle Safety Standard or that contains a defect relating to motor vehicle safety.

Pre-Owned Vehicles in Dealer Inventory: Dealers should not deliver any pre-owned vehicles in their inventory which are involved in a safety or compliance recall until the defect has been remedied.

Dealers must ensure that every affected inventory vehicle has this campaign completed before delivery to consumers.

If you have any questions or require additional assistance, please contact Warranty. As always, any press inquiries should be directed to Audi Public Relations.
